The above list is for Welthungerhilfe employees. It has come to our attention that there are some people conducting ISALs (Mukando) and CHCs (community health clubs) training in our name and collecting money from farmers. Whh does not collect money from farmers. Anyone who is not on the list above and found doing activities in the wards should be answerable to such kind of behavior and it is a criminal case.

May 2014 activities

In the month of May conservation farming activities were carried out in the 13 wards and ward 34 trainings will be conducted in the month of June. Trainings on CHCs were also conducted in all the wards through ministry of health.
